

Directors' Review Report

"In the name of ALLAH, the most gracious and most merciful"

Dear shareholders,

The directors of your company have pleasure in submitting their review report and the unaudited condensed interim financial statements of the company for the first quarter ended December 31, 2024.

The crushing for the season started at all our sugar producing units during the last week of November 2024. Based on the first quarter figures, the financial & production results cannot be forecasted for the entire year, but the estimates of available sugarcane crop, envisage a decrease in area under cultivation and yield per acre.

We are putting our best efforts to procure the maximum sugarcane from all zones. This year the governments of Punjab and KPK have not fixed the minimum support price of sugarcane, but due to the shortage of sugarcane, the growers are demanding exorbitant prices.

We are proud of our ethanol division, which continues to contribute substantially to the overall financial results.

In this first quarter, the company was able to earn a reasonable profit before taxation of Rs. 463.514 million, compared to Rs. 532.431 million in the corresponding period.

The management of the company is always proactive and look for the best possible measures to run efficiently and effectively, in order to maintain the quality of all products and to achieve targeted production levels.

The directors place on record their appreciation of the diligence and devotion of officers, staff, and workers of all categories in the company.

On behalf of the Board of Directors.

Akbar Khan (Chief Executive Officer) January 30, 2025
